2020 Supplementary Volunteer Grant Guidelines for Applicants

About the grant program:

The Australian Government has provided the State and Territory volunteering peak bodies¹ with funding, proportionate to the population of each State/ Territory, to administer a 2020 Supplementary Grants program to volunteer involving organisations. The purpose of the funding is to support the efforts of Australia's volunteers as well as to encourage and increase participation in volunteering by on-funding grants to provide small amounts of money that organisations and community groups can use to help their volunteers.

The 2020 Supplementary Grants are designed to support volunteer involving organisations with a high proportion (over 40%) of volunteers to:

- Help support the efforts of Australia's volunteers
- Help support the inclusion of vulnerable people through volunteering
- Encourage, support, and increase participation in volunteering
- Post COVID-19 re-engagement activities for volunteers
- Adapting practices to support volunteers' safety in relation to COVID-19

Grants of between \$1,000 - \$5,000 are available to enable volunteer involving organisations to strengthen community functioning by increasing participation in volunteering. A total pool of \$229,500 will be available within South Australia and \$102,000 within the Northern Territory.

All applications must be submitted online in their local State/ Territory through their volunteering peak body Volunteering SA&NT.

In developing these grant guidelines the State and Territory volunteering peak bodies¹ have adhered to the [Commonwealth Grant Rules and Guidelines](#), with a particular emphasis on the seven key principles of the administration:

- Robust planning and design
- Collaboration and partnership
- Proportionality
- An outcomes orientation
- Achieving value with relevant money
- Governance and accountability
- Probity and transparency

In addition, the principle of proportionality has been applied to the development of this grant application process and the guidelines as consistent with the [Commonwealth Grant Rules and Guidelines](#).

Grant selection process

Assessments will be undertaken through a competitive grant process.

Selection process

Each selection panel will be made up of representatives nominated by the relevant State/ Territory volunteering peak body. The State/ Territory volunteering peak body will provide chairing and secretariat duties for selection panel meetings. All panellists will have a working

2020 Supplementary Volunteer Grant Guidelines for Applicants

knowledge of the volunteering sector. All decisions throughout the selection process will be documented.

Prior to applications being reviewed by the selection panel, consideration will be given to the following criteria:

- Organisations that provide support to Indigenous people
- Organisations with a high ratio of volunteers
- The size of organisations
- Value of the grant
- Organisations providing volunteer programs that support vulnerable people
- Organisations that involve vulnerable people in their volunteer programs

Each selection panel will review grant applications based on merit and assessed against two equally weighted selection criteria noted below:

Selection Criteria	Weighting
Describe the expected outcomes of this project.	50%
Describe how this project will support the volunteers and the work they do for the organisation and broader community.	50%

All applications will be assessed using a common appraisal process however the assessment process may rely on knowledge or documentation other than the application form. If this occurs the reasons will be documented.

Through the review process, if there are equal weightings for a number of applications and there are not ample funds remaining to fund those projects, the selection panel will determine the successful applicants from the equal weightings by taking into consideration the current distribution of successful applicants across geographical area (metro, regional, rural, remote) and service type (e.g. animal welfare, sport and recreation, etc) to ensure a fair distribution of the funds across the sector.

Selection panellists will be required to declare any conflict of interest that they may have with any applicant.

A conflict of interest may arise:

- Where decision-makers or officials involved in grants administration have a direct or indirect interest, which may influence the selection of a particular grant activity
- Where members of external committees have a direct or indirect interest in informing a decision about expenditure or providing advice on grant opportunities
- Where a potential grantee has a direct or indirect interest, which may influence the selection of their proposed grant activity during the application process

In the decision-making process the selection panellists will be considering and ensuring proper use and management of public resources incorporating an assessment of value for money.

Please note: Under these Guidelines 'proper' means efficient, effective, economical, and ethical.

2020 Supplementary Volunteer Grant Guidelines for Applicants

The approved list of successful applicants will be provided to the Department of Social Services for review and information.

Recommendations of the final outcome of the grants will be made to the Chief Executive Officer of the relevant State/ Territory volunteering peak body. The decision of the Chief Executive Officer will be final.

All applicants will be notified in writing of the outcome of their application.

Names of successful applicants will be published on the [Volunteering SA&NT website](#)

Feedback on individual applications will not be given.

Due diligence

An assessment process will be undertaken to ensure the validity and eligibility of applications as part of the due diligence process.

Organisations that submit multiple applications

Multiple funding applications that are received from the same organisation (i.e. autonomous branches/ sub-groups sharing the same ABN, within each State/ Territory) will be assessed based on the remaining funding available and the selection criteria. Where multiple applications are received from the same organisation, the application that rates highest will be considered first for the merit list for funding. Additional applications from that same organisation will only be considered if all funding has not been expended to individual organisations in that State/ Territory.

Successful grant applications

Successful applicants will be notified by 4 December 2020 via email with a Letter of Agreement. Successful organisations may also be listed on the relevant State/ Territory volunteering peak body [Volunteering SA&NT website](#)

Letter of agreement

The letter of agreement will outline the eligible items approved for expenditure. Expenditure of grant funds must be made in line with the Letter of Agreement. For more information see *Attachment 1: Draft Grant Agreement*.

How the grant will be paid

The grant agreement will state the maximum grant amount to be paid. This amount will not exceed the maximum grant amount (i.e. \$5,000) under any circumstances. If extra costs are incurred by the organisation receiving the grant, these remain the responsibility of that organisation. Volunteering SA&NT will not be responsible for reimbursement of any extra costs.
